

Lake Champlain – annotated genes

fraction of annotated species

Taxonomy

- hypothetical protein
- hypothetical protein, partial
- MULTISPECIES: hypothetical protein
- photosystem I core protein PsaA
- photosystem II 44 kDa subunit reaction center protein
- photosystem II chlorophyll-binding protein CP47
- photosystem II D2 protein (photosystem q(a) protein)
- photosystem II q(b) protein
- photosystem II q(b) protein, partial
- ribulose-bisphosphate carboxylase large subunit
